

RUSSIAN TABLE

How to tell time

What case to use when giving the time using hours and minutes in Russian?

Use the chart below to help you decide which case and number to use for the words час (chas, "hour") and минута (miNOOta, "minute") when giving the time in Russian using this format:

12:51 двенадцать **часов**, пятьдесят одна **минута**
dviNAtsat chiSOF, pidiSYAT adNA miNOOta
lit: twelve hours, fifty-one minutes
→ The numbers will always be nominative, but don't forget to use masculine numbers before час and feminine before минута!

Key:
Blue: Use genitive plural **часов** (chiSOF) **минут** (miNOOT)
Red: Use genitive singular **часа** (chiSA) **минуты** (miNOOty)
Orange: Use nominative singular **час** (chas, "hour") **минута** (miNOOta, "minute")
